## MSGA Buys Record Player

At the Oct. 24 meeting of MSGA the first item of business brought forward by President Al Paolone was the need of a new record player for the dining hall. Accordingly a motion was passed unanimously to donate \$25.00 in conjunction with the WSGA for the purchase of a new machine to replace the worn-out, old model presently in use.

Jack Westerhoff was selected as MSGA representative to assist Dr. Helfferich and a WSGA representative in choosing furniture for the new Student Union.

In accordance with a request of the WSGA the date of the Lorelei was changed to Feb. 18.

This week suggestion boxes will be placed in Bomberger, Pfahler and the library. Any student wishing to complain about matters of urgency which may have been overlooked by the student government can do so by filing his suggestion in one of these boxes. Such matters will be dealt with at the earliest possible time by the student government.

The next meeting of the MSGA will be devoted to a study of the Election Committee's plan for pro-

## Pre-Medical Society Tours Med. College

The Brownback-Anders Pre-Medical Society toured the Women's Medical College of Philadelphia on Saturday, Oct. 30. Upon its arrival, the group was conducted on an informal tour of the College's excellent facilities.

At one o'clock the visiting students were treated to a luncheon in the college dining hall. At two o'clock the group gathered in the College auditorium for an informal symposium. The principal speakers of the afternoon included the deans, or their representatives, of all the medical colleges in the Philadelphia area; these schools included the University of Pennsylvania Medical School, the Temple University Medical School, the Hahnemann Medical College, the Jefferson Medical College and the Women's Medical College. The speakers addressed the audience on such pertinent topics as "The Factors Governing the Selection of Medical Students," "Medical School Admission Requirements" and "The Typical Medical Student."

Pre-medical students from the Greater Philadelphia area were in attendance, as well as forty-eight Ursinus men and women.

The symposium, which was sponsored by the Pennsylvania Delta chapter of the Alpha Epsilon Delta fraternity of LaSalle College, was the fifth of its kind in recent years.

## NYU Law School Offers Root-Tilden Scholarships

Dean Russell D. Niles of the New York University School of Law yesterday invited outstanding college seniors throughout the country to apply for the School's \$6,600 Root-Tilden Scholarships.

Applications for 1955 must be completed by February 15, Dean Niles said in his announcement. Final selections will be made late in March.

Under the terms of the grant, 20 scholarships are awarded annually on a competitive regional basis with two scholarships allocated to each of the ten federal judicial circuits.

A candidate must be at least 20 years of age, but not more than 28, when his law training begins, and he must be an unmarried male citizen of the United States.

College seniors who wish to be considered for the Root-Tilden Scholarships should apply immediately to: Dean of the School of Law, New York University Law Center, New York 3, N.Y.

## MAYBERRY COMPLETES COURSE

David S. Mayberry, who attended Ursinus College from 1951-1953, successfully completed an Airborne Course at Fort Bragg. Mr. Mayberry has spent 16 months in the Special Weapons Unit of the service. He resides in Lansdale.

Don Adams, president of Delta Pi Sigma fraternity, Dr. Helfferich and Rev. Creager are shown at the recent ceremony at which Don presented a new tree, on behalf of his fraternity, to replace those lost during Hurricane Hazel. Dr. Helfferich accepted it for the school.

## Deltas Present "Greditzia Moraine" to College

by Ismar Schorsch '57

During the Homecoming Weekend, as a fitting conclusion to Ursinus's recent tussle with Hazel, Delta Pi Sigma attempted to restore some lost beauty to the campus by planting a new tree to replace, in a small way, those that fell before the fury of the visitor. Though the tree was actually planted on Friday afternoon, the presentation took place at a delightful ceremony on Saturday afternoon. Don Adams, the president of the fraternity, made the presentation to Dr. Donald Helfferich, who accepted it for the school.

Dr. Helfferich, whose father presented the college with the two picturesque Gingko trees at the front of Bomberger Hall, remarked that this new tree would make the 86th different type of tree on campus. Technically speaking, it is a Greditzia Moraine, which

probably means something only to botany lovers. It is better known as a Moraine Locust. Though very small and bare at present, this tree is susceptible to very few diseases and blights, and so should be around for decades to come, barring the visit of another Hazel.

At the conclusion of the ceremony, the Rev. Mr. Alfred Creager gave a brief resume of the variety of trees on the grounds and added his blessings to the newcomer.

The Moraine, quite dwarfed by the other trees, stands now in front of Bomberger, off slightly to the right as one walks toward the building from the highway. However, it is hoped that as spring arrives, the tree will help to restore some of the lost beauty on Ursinus's lovely green campus. Indeed, Delta Pi Sigma is proud to be able to perform this slight service to its school.

## "Stardust" Top Song

The Ursinus student body selected "Stardust" as the No. 1 hit song in the Weekly music poll last week. Artie Shaw was the artist picked as having the best rendition of "Stardust." In second place by the slim margin of one vote was Glenn Miller's classic "Moonlight Serenade." A complete rundown on the voting as tabulated by the Weekly feature staff follows:

1. "Stardust"—Artie Shaw.
  2. "Moonlight Serenade"—Glenn Miller.
  3. "In the Mood"—Glenn Miller.
  4. "Begin the Beguine"—Artie Shaw.
  5. "Tenderly"—Ray Anthony.
  6. Tie between: "String of Pearls"—Glenn Miller; and "Blue Moon"—Ray Anthony.
  7. "Dancing in the Dark"—Artie Shaw.
  8. "September Song"—Stan Kenton.
- Honorable mention:  
"Hymn No. 63"  
"Back in the Saddle"  
"Jingle Bells"

## U.S. Naval Reserve to Visit Ursinus on November 17

Lieutenant Junior Grade R. A. Hopkins, U.S. Naval Reserve, representing the Office of Naval Officer Procurement in Philadelphia, will be on the Ursinus College campus on Wednesday, November 17, from 9:00 a.m. to 3:00 p.m. to discuss the Navy's Officer Candidate School with members of the graduating class. He will have literature on this program and will interview and answer the questions of interested seniors.

Any college graduate, or any senior whose graduation is less than six months away, may now apply for this program, regardless of his college major.

The Navy's Officer Candidate School is located at Newport, R. I., and selected candidates will be ordered there for a four-month course. Upon successful completion of the course, Officer Candidates will be appointed as Ensign or Lieutenant Junior Grade, depending upon age, in the U. S. Naval Reserve and required to serve three years of active duty.

## 'The Monkey's Paw' Group I Production

Group I of the Curtain Club will present a one-act play on Wednesday, November 3, at 8:30 p.m. in the Thompson-Gay Gymnasium. "The Monkey's Paw", written by W. W. Jacobs and dramatized by Louis N. Parker, is a tale of suspense based on the theme of three wishes awarded to the owner of "The Monkey's Paw". What happens when this power falls into the hands of a small family and how it ruins their happiness make an unusual and dramatic story.

The cast are: Mr. White—Clair Wallick '56; Mrs. White—Bobbie Schweiker '57; Herbert, their son—Bob Gilgor '58; Capt. Morris—Bob Engle '57; Mr. Samson—Larry Foard '57. The directors and group leaders are Bobbe Hunt '57 and Wayne Millward '57.

## Naval Aviation Cadet Program Here, Nov. 15

The Navy once more is accepting qualified young men for the Naval Aviation Cadet Program. To be eligible for this program, men must be between the ages of 18 and 25, unmarried, physically fit, and have two or more years of college.

If you are in this category and plan on meeting your military obligations at this time, visit with the Naval Cadet representative to discuss the possibilities and opportunities of this program. Or, if you wish to stay in school and complete the requirements for your degree, he will be happy to advise you about post-graduation planning. But, in either event, visit with him on Monday, November 15, at 10:00 a.m. until closing, when he will be here at Ursinus College.

## THANKS FROM REGISTRAR

I wish to express my sincere appreciation to all students and others who contributed so much in helping to welcome our visitors during the annual Open-House program on Saturday.

—Geoffrey Dolman, Registrar

## Dr. Lionel Mapp to Speak on "Trinidad: Medical and Ethnic"

Dr. Lionel Mapp, a brilliant obstetrician and specialist in topical medicine, will speak at the Ursinus College Forum on Wednesday, Nov. 10, at 8:00 p.m. in Bomberger Hall. Dr. Mapp's topic will be "Trinidad: Medical and Ethnic."

A native of Trinidad, Dr. Mapp is presently studying under an international scholarship at the University of Pennsylvania Medical School.

In times like these, when colonial people all over the world are on the march, the Forum Committee feels extremely fortunate in having the opportunity to bring to the campus a man who has such first-

hand knowledge about medical and racial conditions in a colony such as Trinidad. Not only is Trinidad extremely important to the free world because of its asphalt tar and other natural resources, but it is also a racial melting pot, where East Indians, Negroes and Whites have been thrown together in a strange new pattern. Dr. Mapp knows the medical and personal problems of these people. He also understands the aspirations and hopes of colonial races. This Forum should help Ursinus students and friends toward a better appreciation of the world struggle for health and fulfillment.

Pre-med students will be particularly interested in the insight Dr. Mapp can give them into the field of tropical diseases. The remainder of the students will want to use the question period to learn more about what men of other races are thinking in the midst of the cold war.

## Rabbi Schorsch Speaks on Religion

Ursinus students had the opportunity this past week to gain insight into the Jewish religion. SWC sponsored a talk by the Rabbi Ismar Schorsch on Wednesday night and followed up with a group visit on Friday evening to the Mercy and Truth Synagogue in Pottstown where Rabbi Schorsch has led his people for 14 years.

Until 1939, the Rabbi headed a large congregation in Hanover, Germany, where he was well acquainted with the Nazi anti-Semitic problem; a Ph.D., he has written "The Teachability of Religion". He explained his subject "Judaism" from the angle of the history, philosophy and principles underlying it, rather than attempting ritual and customs explanations. He feels that there is one God, and that the various religions recognize this, but differ in their approach to Him. He also stated emphatically that man must survive with religion or die without it.

Jewish youths are instilled with a combination of study and faith, presented by respected elders as found in the Torah; this keeps the religion alive and growing and helps overcome the natural tendency of youth to rebel against their elders. It is a family experi-

(Continued on page 4)

## Unique Features in "Night of Jan. 16th"

"Superior Court Number Eleven of the State of New York. The people of the State of New York versus Karen Andre."

These are the words which will open the drama *Night of January 16th* in the Thompson-Gay Gymnasium on November 19 and 20.

The court clerk will draw twelve jurors from the audience, and the trial will begin. The fate of Karen Andre will rest entirely in the hands of these jurors. The jurors will be kept under constant watch during the entire performance as in an actual court case.

Witnesses will be present in the audience when the curtain goes up but will be unknown until they are called to the witness stand.

These unique features are intended to draw the audience and the cast closer together in the desired effect.

## EARLE ELECTED PRESIDENT OF U.C. CANTERBURY CLUB

Peter Earle was elected president of Canterbury Club at a meeting last Monday evening. Other officers are: vice-president, Noble Smith and secretary-treasurer, Joan Finney.

After planning future programs, which include trips and discussions, the group discussed "Faith, Sex, and Love."

The club will consider this topic further at its next meeting.

## BEARDWOOD MEETING TONITE; DR. A. G. OBLAD TO SPEAK

The Beardwood Chemical Society will hold its regular monthly meeting tonight in S-12 at 7:15 p.m. At this time Dr. A. G. Oblad of the Houdry Process Corporation will speak on "New Developments in Catalytic Chemistry". All are invited to attend, especially chemistry majors, to hear Dr. Oblad's address.

## Wood Sweeps Ursinus Election by 64%

The student body of Ursinus College swung heavily toward the Republican party and its candidate for Governor, Lloyd H. Wood, in last Friday's election. The balloting, which was sponsored by the Pre-Legal Society, gave Mr. Wood two votes out of every three.

The complete breakdown of the returns is as follows: of a total of 422 votes cast 271 went to the Republicans (giving them 64 percent of the total vote) with 151 votes going to the Democrats (giving them 36 percent of the total vote). The voting itself was heavy with 77 percent of the resident students voting.

## High School Groups See Campus, Slides

A group of eighty-five men and women from fifty or sixty high schools in Eastern Pennsylvania and New Jersey visited Ursinus campus Saturday, October 30, in an organized tour. Under the direction of Mr. Geoffrey Dolman, registrar, this tour was arranged for prospective Ursinus students.

The high school students were shown around campus on guided tours under the direction of the YM-YWCA reception committee, Nancy Bergmann and Edward Dawkins, both '55. There were students working on experiments in the laboratories of Pfahler Hall.

Slides of the campus were shown the visitors in S-12 by Mr. Dolman. In addition, Dr. N. E. McClure and Mr. W. S. Petit, president and dean of Ursinus College, respectively, spoke to the group.

After lunch in the upper dining room, the prospective students attended the Ursinus-Wagner football game on Patterson Field. The high school students left Ursinus campus late Saturday afternoon.

## Sororities Change Rushing Schedule Because of Holiday

Making an allowance for the anticipated Monday holiday, Inter-Sorority Council made one slight change in the sorority rushing schedule. The rushers listed the sororities according to their preferences on Saturday, Oct. 30, at 8:30 a.m. instead of on Monday, Nov. 1, as previously planned. Also, on Saturday morning the sororities handed in their preferential lists to Miss Stahr.

Following is the remaining outline of the rushing schedule:

Wed., Nov. 3—A number of blank bids corresponding to the number of openings that the sororities wish to fill should be turned into Dean Stahr.

Fri., Nov. 5—List of girls who will receive sorority bids will be posted.

Sat., Nov. 6—Girls receive and sign bids at 9:00 a.m. in Room 7 of Bomberger.

Abstractly Speaking

by David Garlich '55

For business administration majors and other commercially minded people there may be some economic value in saying "Merry Christmas" before Hallowe'en, but this is a situation which would be frowned upon by many of our staunchest citizens. But all this is meaningless without a target at which to aim our discussonal arrow. The target, in this case, is Norristown which has been adorned for the past week with Christmas lights and electrified wreaths. These trappings are not brightening the sky, as yet, but their mere presence overhead is a matter of dire concern.

There have been some diehard Democrats that insist that the lights are only there because the Borough was attempting to relieve its unemployment situation to keep the matter from becoming an election issue. The Republican answer to this "obvious lie" (Republican quote) is that the Borough was only thinking of the welfare of its employees. Now this is a good use of an emotionally charged word for propaganda purposes, but it really doesn't solve the problem. Maybe they mean "welfare" in the sense that the weather is warmer in October than it is in November.

All moral and ethical considerations aside the net result of this phenomena, if it spreads to other localities, may be that Morley's ghost will be resurrected for a two month's stand while pumpkins will blaze forth with a toothy "Merry Christmas."

RUSHEE 'COOLING OFF' PERIOD

by Carl Smith '55

Several men around campus are wearing red ribbons on their sleeves. These ribbons signify that the wearer has been rushed by at least one fraternity. They also mean that no member of any fraternity is to talk to these fellows during a period we call "cooling off period". This period, which began on Saturday, is a time set aside by the inter-fraternity council for the purpose of prohibiting any fraternity member from swaying the opinion of any rushee at the last moment. This "cooling off period" will continue until 12:30 tomorrow afternoon, at which time each rushee will receive his bid or bids in the library. So, to each rushee and to each fraternity, good luck.

Condensed Ed.

This gem of wisdom appeared in an unabridged Weekly article this week, "... the proposed plan for revision of the proposed revisions." Please explain, Mr. German.

And many deep-felt thanks to Miss Joan Kutzer, a lower dining hall waitress, who never complains about bringing a certain person his regular tea. Keep up the good work!

Congratulations Hal Singley! He has just joined the honorary club of Messiah Odd-fellows. He joins Ron Reinhardt as "Rest-less" singers accompanied by "Tonedead" Les Beach.

Another slip. In response to a debating article we published several weeks ago. Mr. D. Hudnut informs us that he was not drafted, nor did he attend Ursinus before entering the service. This crazy fool enlisted!

Now we must correct the corrected correction. Three time losers, we. Ben Colameco spells his name K-r-u-m-s-c-h-m-i-d-t not T-r-a-c-l-e as it appeared in our last issue, or L-o-v-e-j-o-y as in the issue before. It is merely S-t-e-i-n-k-o-p-f.

The Maples piano duet of Millheim and Feucht has been practicing diligently for the past few days. They are planning a night of entertainment for the wounded vets of Curtis Hall. The show will include such top hit tunes as "Put Away the Mustache Cup," "Take Your Foot Out of My Face, Dear," and "Father, You've Been Like A Mother to Me."

How I See It . . .

by George W. Paufl '55

DOES COLLEGE LIFE PROMOTE MATURITY?

The process of human maturation is very often a long, tortuous series of events which we all must endure. The developmental process begins at conception and carries all through life until finally halted by death. Fortunately for civilization, some people reach maturity at an early age; others, however, mature much later in life. The process includes growing up physically and spiritually as well as mentally. Very often, in the course of every day life, we come across individuals who have a deficiency in one or more of these faculties.

Due to limitations of space, we must confine our discussion to the most important element in the developmental process—that of maturing mentally. It seems almost inconceivable that a person, after completing high school and several years of college, must still resort to juvenile pranks for entertainment. And yet, we have such people on our campus.

We do not want to condemn good clean fun, but we do want to emphasize the point that any moderately intelligent person should be able to limit his activities. Unfortunately as it is, we must bear the tribulations of the irresponsible acts committed by those who cannot, bearing in mind that the passage of time may bring about our own mental maturity and consequent insight into their seemingly hilarious frolics.

Perhaps it would be a good suggestion for anyone who feels that he is just a bit immature mentally to make a little sign and hang it where he can see it every day. On it, he should print in large letters, "I'm mature now". In a short time this immature person will begin to act more nearly like a mature individual and the process will be moving toward completion.

JUNIOR CLASS TO SPONSOR "HARVEST MOON BALL" DANCE

After the Moravian football game, the Harvest Moon Ball will be presented by the Junior class on Saturday night, November 6, in the T-G Gym. The music will be provided by the "Townsmen".

The dance theme of Harvest Moon Ball will be carried out in extensive decorations by Lillian Bistremovitz and her committee. The admission price is one dollar. Refreshments will be sold under the direction of Earl Rehmann and his committee.

EDITORIALS

SANCTUARY OF SILENCE ???

Recently there has been much comment from both faculty and student body regarding the state of commotion in the library. It has become apparent that Ursinus students no longer respect the unwritten law of absolute silence that should prevail in any library. The library staff, thus far, has not threatened to take any drastic measures in the hope that the students will realize their mistakes and rectify the present situation without having any restrictions imposed on them. However, should the present situation continue unabated, then appropriate measures will have to be adopted to insure silence and prevent the undue commotion which now exists. Too many students have become indifferent to the fact that the library exists for their own benefit and even if they do not use its facilities, they should at least have some consideration for others who use the library for purposes other than socializing. If everyone puts forth a certain small amount of co-operation, the library will once again become a sanctuary of silence.

# Bears Maul Shaky Wagner Eleven 34-7

LARRY ZARTMAN, high-scoring booter on Dr. Baker's fast-moving 1954 team, takes time out during practice for the Swarthmore game. Zartman was held scoreless for the first time as Swarthmore won 1-0.

## Behind the Sports Scene

by Dick Bowman '55

Thanks to some real heads-up ball playing against Wagner, the local Bruins were on the long end of a very impressive 34-7 score Saturday. However, if statistics told the story, the student body would probably be attending classes today. Wagner outgained us in the air, 62-51; the visitors likewise held the edge in first downs, 8-7 and completed four passes to three for the Bruins. On the ground the Bears only rolled up 118 yards to the Hawks 109. What made the difference? The answer is that we got the breaks and took full advantage of them. We helped make some of those breaks, as in the case of the two fumbles that resulted in TD's.

### Bears Capitalize on Fumbles

Alert defensive work by line-backer Dick Padula in the first period gave us a recovered fumble on the Wagner 6. Padula bolted over from the five two plays later, giving us a lead which we never lost. In the second quarter, a bobbled pitchout landed in the arms of frosh halfback Bobby Famous, and he galloped 25 yards unscathed. Strong line play can be credited for holding up the Hawks late in the second period. A punt

by John Succo went to Paul Neborak on the Wagner 40, and the lean field-general carried to the 30. Six plays later his pass to end Les Applegate iced the ball game at 20-0.

Once a team is ahead it has a decided psychological advantage. Breaks and smart football gave us a 20-0 lead. From then on we capitalized mainly on sharp defensive play and sound offensive ball-carrying and passing. Kenny Walker's interception and masterful 32-yard return in the third period gave us the ball on Wagner's 13. Three plays later Walker sped around his own left end to score from 5 yards out. In the fourth period Famous again showed his capability on defense when he picked off Dick Hagermann's pass on the Wagner 45. Famous' 30-yard pass hit Glenn Greth on the 15. Walker's 15-yard aerial to Famous ended the scoring.

Saturday's game enabled Coach Ray Gurzynski to try the fabulous Famous out on defense. Heretofore, the ex-Souderton flash was relegated to spot roles on offense, presumably because of his lack of defensive experience. He was strictly an offensive player in high

## Stars of the Week

by Dick Bowman '55

This week's Stars of the Week are freshman halfback BOB FAMOUS, named as Back of the Week, and end LEE KRASLEY, chosen as Lineman of the Week. Both men turned in outstanding performances on offense and defense to help the Bruins wallop Wagner 34-7 and gave the student body a holiday today.

Famous, playing his finest all-around game to date, scored two TD's and helped set up another with a brilliant leaping interception of Hagermann's pass. The smart-stepping "Souderton Sprinter" scored the second Ursinus TD in the second quarter when he captured a bobbled pitchout and ran 25 yards to score. His fourth quarter interception gave Ursinus the ball on the Wagner 45, from where he passed to freshman Glenn Greth on the 15. He then took a 15-yard bullet toss from halfback Walker (who was handling QB duties at the time) and stepped over.

Krasley was a consistent play-breaker-upper, manhandling opposing blockers like toys, and consistently dumping Wagner ball-carriers. On offense, his crisp blocking enabled the Bruin backs to run the outside when the middle of the line would not open.

school, where the two-platoon system is still in use. The spindle-legged 160-pound 5-foot 11-inch sprinter gives the appearance of being almost fragile. But give him the ball past the line of scrimmage and he's a hard man to catch.

### Rex Breaks Wrist

The one big blow to local hopes was the broken wrist suffered by luckless Frank Rex. The hard-hitting freshman was playing his first game since sustaining an infected foot several weeks ago. In the short time he played against the Hawks, the spunky halfback from Slatington, Pa., drove for 17 yards in three carries, for 5.7 yards-per-try.

### Walker Stars

Captain Kenny Walker played one of his finest all-around games, lugging the pigskin for 35 yards in 10 carries for an average of 3.5.

## Famous Counters 2 Td's; Walker Sparks UC Assult

by Ted Sholl '56

Capitalizing on several Wagner fumbles and general sloppiness of play, Ursinus overpowered the Sea Hawks, 34-7, on Saturday, before a chilled crowd at Patterson Field.

The Bears converted four Wagner miscues into eventual touchdowns to roll up their biggest margin of victory of the season, as well as their highest score.

Ursinus got its first big break midway through the first quarter, when Dick Padula flopped on a Wagner fumble on the 6. Two plays later, Padula scrambled over tackle to score. Walker's first extra point attempt was wide to the right, making the score 6-0.

In the second quarter, after a fine Neborak punt set Wagner back on its own 26, the Bears got another break. Running to the left, Hagerman of Wagner lost control of the ball, and Bob Famous, running at top speed, grabbed the loose pigskin in mid-air and flashed over untouched. Al Stipa's kick was perfect, and it was 13-0.

Later in the same period, a low, poor punt by Wagner gave the home team the ball on Wagner's 30. Bob Crigler, Doc Carver and Frank Rex pushed down to the 5, and Neborak pegged to Les Applegate in the end zone. Stipa made it "2 for 2" with another perfect boot, and the score at halftime was 20-0.

The only third period scoring came as Ken Walker carried the ball around left end for 5 yards, after the senior halfback set up the score with a 32 yard pass interception and run, and an 8 yard smash from the 13. Walker's kick was through the uprights, making it a 27-0 ball game.

Wagner began to move in the fourth quarter, and a 17-yard run by Alberti gave the losers their first

score. The run capped an 80-yard drive. Hagermann converted, making it 27-7.

Ursinus' final score came late in the fourth period. Famous intercepted on the 45-yard line to give the Bears the ball. He then whipped a 30-yard pass to Glenn Greth, who made a sparkling grab. Ken Walker then fired 15 yards to Famous in the end zone for the freshman's second TD, and the team's fifth. Walker's placement once again split the posts and that was the contest.

## UC Whitewashed 1-0 At Swarthmore

Forced to accept their second straight loss, the Ursinus booters nevertheless did a commendable job in holding highly-touted Swarthmore to one goal, losing 1-0 at Swarthmore Saturday. It was the first time this season high-scorer Larry Zartman was held point-less, and it was the first shut-out administered to the Bruins. Swarthmore was beaten 3-2 by Navy in its last outing, and yet could score only once against freshman Davy Burger.

Against the Bears Swarthmore scored in the first period but could not repeat. The remainder of the game was evenly played, except that Swarthmore was more aggressive and threatened to score often in the final period. Observers say that the line gave little support to Larry Zartman, who repeatedly dribbled downfield only to find no one to pass to, and had to try for goals himself.

## SUCCESS STORY FOR TWO...and how it started

Joanne Dru started her career as a model of teen-ager clothes. But it was her 6-year study of dancing that won her a part in a Broadway musical... which led to film stardom in Hollywood.

There she met John Ireland, ex-marathon swimmer, amateur actor, stock player, Broadway star—now a brilliant director. Today they are man-and-wife partners in sparkling new screen hits.

**RABBI SCHORSCH**

(Continued from page 1)

ence, and stems from the Torah teaching "Man must learn until the day of his death.

In capsule answers to general questions usually raised: there are no Jewish dogmas; they do not believe in the devil; nature is not God, but a creation of God; every man can come to God unless he has indulged in murder or sexual immorality, for as demonstrated when God stayed the hand of Abraham over Isaac, human life is sacred; immortality is accepted as self-evident by Torah revelation and learning for God is immortal, and a spark of God is God in every man, so man must be also.

Rabbi Schorsch said in conclusion that Judaism is a religion of study and devotion through recognition of life and God, and is carried by the innate philosophies of the lives of men like Moses and Abraham.

The twenty-some students who attended the synagogue witnessed and participated in some of the Hebrew chants and English liturgical readings, led by the Rabbi and a trained Reader. Little white caps humbled the heads of the men; soloists arose and sang various numbers; the Old Testament praises resounded. They were graciously and publicly welcomed in the midst of the service in an age-old Jewish custom wishing us happiness and peace.

Afterward, at the social hour, the students sipped tea and munched cake and strudel, and met members of the congregation. Some of the younger people present did a simple folk dance, the Horah for their benefit.

As a Protestant learns about the Jewish religion, it is easier for him to see how close the two peoples really are in their beliefs and their basic human experiences.

posed revisions. This plan will be presented to the student body, and after the presentation a special referendum vote will be held.

Any serious complaints as to the foods served at meals should be presented to your MSGA representatives who, in turn, will pass them on to the kitchen. A close relationship between the MSGA and the kitchen, due to the fact that many of the representatives hold self-help jobs there, enables us to offer this service to the student body.
